

REMARKS

This paper is responsive to the Examiner's Amendments in the Notice of Allowance dated January 23, 2006. Claims 1 and 3 – 41 have been allowed. Claim 34 has been amended to correct a grammatical error. The specification has been amended to describe various media more clearly than the Examiner's amendment. No new matter has been added. The amendment to the specification recites subject matter presented in claim 34 as originally filed. Nonetheless, if any issues remain that could be more efficiently handled by telephone, the Examiner is requested to call the undersigned at the number listed below.
